

Early Intervention Clinic Research Lab

Dr. Matthew Cordova, E-mail: mcordova@paloalto.edu

Dr. Josef Ruzek, E-mail: joeruzek@gmail.com

Current/Ongoing Projects:

Development and evaluation of early psychotherapeutic interventions to prevent trauma-related problems in recently traumatized individuals. Participants are being recruited through local emergency medicine departments, victims' assistance organizations, emergency response services, and grief organizations. As part of the project, students conduct research assessment/intervention with participants. Students have conducted dissertation projects using EIC data, or using original data they collect in a trauma-related area of interest.

Openings:

We will be selecting 4 new students each spring during the PAU research lab application process.

Apply:

Applicants should submit the following by email to both Dr. Cordova and Dr. Ruzek by the PAU research lab application deadline: 1) Letter of interest, 2) Curriculum Vitae, 3) A writing sample (usually a paper submitted for a psychology class while a student at PAU), 4) Current PAU transcript (unofficial).

Notification:

A select number of applicants will be interviewed. Notification of offers to join the lab will occur by phone on the PAU research lab notification date.

Selected Readings:
