

Position: Childcare

Seeking a weekend sitter through the first weekend of March for two boys, ages 8 and 10. We will mostly need Sunday afternoons, but there is some flexibility and extra hours can be offered, particularly through the holidays.

We are seeking someone experienced working with more than one child at the same time. Some experience with high-functioning autism is desirable, but not required. Most important to us is someone who is responsible, kind and warm, playful, and energetic.

Responsibilities:

- Engage children with fun activities
- Contact parents if there are any issues at home
- Light tidying after eating or activities
- Using positive discipline if necessary
- Light preparation of snacks

Requirements:

- At least 2 years of childcare experience
- References required
- CPR/First aid training preferred

Please email [pmcrae@ymail.com](mailto:pmcrae@ymail.com) with your qualifications.
