June 26, 2019

To Whom It May Concern,

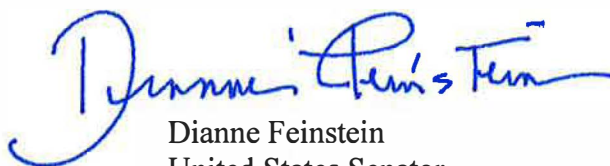

With September and the beginning of the next school year on the horizon, my office is preparing for Fall internships—the time when college students dive into hands-on professional experiences that take them away from their textbooks and into the working world. Our application for Fall 2019 Internships is now live on our [website](#). Internships will run from September to December. Internships are available both in my Washington, D.C. office as well as four state offices in Fresno, Los Angeles, San Diego, and San Francisco, and we offer a modest stipend to each intern accepted.

It is invaluable to have an office as diverse as our beautiful state. I want to strengthen our nation's government by welcoming California students of all backgrounds into public service by interning in my offices.

The deadline for applications is July 15, 2019. Please pass this information along to any students you believe would be interested and a good fit for my next internship class.

If you have questions about the program, or if you would like to recommend a candidate, please email me at internapp@feinstein.senate.gov. To learn more about my internship program visit: <https://sen.gov/feinstein/9YW2>.

Sincerely,

Dianne Feinstein
United States Senator
