

December '22 Careers Digest for PAU Alumni

The Alumni Relations Office will periodically provide relevant job postings that may be of interest to PAU alumni. We encourage you to submit any openings you may have. Please note that a job posting is not an endorsement of the position by Palo Alto University, its Alumni Association, or any representative of the institution. These postings are generous contributions from our community, but have not been fully vetted by PAU.

Alameda, CA

Employer: [Alameda Health System](#)

Posting: Neuropsychologist (Half-time)

Introduction: Provides complete and appropriate neuropsychological consultation for a wide variety of neurological, psychiatric, and general medical/surgical adult patients. Please contact Richard Espinoza at Raespinoza@alamedahealthsystem.org with interest and inquiries.

Berkeley, CA

Employer: [Supportiv](#)

Posting: [Senior Director of Clinical Oversight](#)

Introduction: *Supportiv, the peer support network that has served over 1 million users, is seeking a Doctorate-level mental health provider (Master's acceptable) with client-facing experience and an interest in data analysis.*

Society needs ever more mental health support, but there is a clinician shortage. Supportiv's subclinical, on-demand, moderator-led, fully synchronous peer-to-peer support group chats help fill that gap, especially for historically underserved populations who've been reluctant to engage

in the traditional mental health care system. This role is a chance to extend your clinical expertise at scale, serving millions.

You'll Be Involved In:

- Clinical oversight of Supportiv's peer support moderator community to improve training programs and drive skill-building for the moderators who facilitate and safeguard the peer-to-peer platform user conversations
- Product input to help constantly improve Supportiv's user experience with an eye on clinical-grade outcomes measurements
- Publishing data, research, and thought leadership on user outcomes
- Editorial oversight and input on Supportiv's psycho-education and self-help resource creation and curation
- Serving as the clinical voice in key enterprise client meetings

Employer: [The Wright Institute](#)

Posting: Field Placement Advisor

Introduction: The Wright Institute, located in Berkeley, California, is hiring a Field Placement Advisor for the Counseling Psychology Program. This position is full-time and in person. The Field Placement Advisor will support Counseling Program students in their field placements and applications for associateships and will provide general administrative assistance to the Director of Field Placement. We are seeking candidates who are motivated to work directly and closely with students. Some evening and weekend work is required.

The primary responsibility of this position is to support students in their efforts to become licensed as MFTs or PCCs by helping them secure practicum and associate placements, and conveying accurate and up to date information about California licensing rules and regulations.

This position is classified as a full-time, non-exempt position. Weekly hours are not expected to exceed forty hours per week, and are not expected to result in overtime work. Candidates should anticipate a weekday work schedule from approximately 10 am - 6 pm

Salary: \$55k-\$60k

To Apply or for More Information: Please send a cover letter and resume to Cady Watts (cwatts@wi.edu)

Los Angeles, CA

Employer: [UCLA Department of Psychology](#)

Posting: [Director of the Psychology Clinic](#)

Introduction: The UCLA Department of Psychology is seeking a full-time Director of the Psychology Clinic, with an adjunct faculty appointment in the Department of Psychology. The Psychology Clinic (<https://www.psych.ucla.edu/centers-programs/clinic/>) is a critical component of UCLA's Clinical Psychology doctoral program, which is accredited by the American Psychological Association (APA) and the Psychological Clinical Science Accreditation System (PCSAS). The primary responsibilities of the Clinic Director include (a) assisting the Director of Clinical Psychology Training (DCT) and clinical program faculty in the administration and oversight of a large on-campus training clinic committed to clinical science; (b) teaching, training, and supervising doctoral students in the delivery of mental health services; (c) overseeing and supervising the activities of the Associate Clinic Director and Clinic staff; (d) developing and maintaining strong professional relationships with the local and regional community to support student training; and (e) managing day-to-day operations of the Psychology Clinic.

The successful candidate will have a Ph.D. in clinical psychology from a clinical science or scientist-practitioner program accredited by APA and/or PCSAS, be licensed or license-eligible in California, and have a commitment to supporting clinical research.

Palo Alto, CA

Employer: [Parenting Plus, Child + Family Counseling](#)

Posting: [Various Play Therapist Supervisory Opportunities \(Contact at Link\)](#)

Introduction: Our primary goal of incorporating family services under one roof is to offer families new options for defining and achieving healthy relationships. Our therapists intimately address the relationship dynamics among the participating family members, which could include couples, adolescents, children and when appropriate, extended family.

Palo Alto, CA/San Jose, CA

Employer: Children's Health Council (CHC)

Posting: Multiple Positions Below

Introduction: At CHC, we believe in the promise and potential of every child, teen and young adult. Our mission is to transform young lives by providing culturally responsive best-in-class learning and mental health services to families from diverse backgrounds regardless of language, location or ability to pay. We specialize in ADHD, Learning Differences, Anxiety & Depression and Autism.

With our Clinical Services multiple partnerships with Stanford University Behavioral Health department, you'll have the opportunity to work alongside some of the top mental health professionals in Silicon Valley.

Puget Sound, WA

Employer: [VA Puget Sound Healthcare System – American Lake](#)

Posting: Research Psychotherapist

Introduction: The Research Psychotherapist will conduct prolonged exposure psychotherapy for a large clinical intervention trial comparing treatment with and without a mobile application for

Veterans with posttraumatic stress disorder (PTSD). The position is based at the VA Puget Sound Health Care System (VAPSHCS) at the American Lake Division. The position is a three-year term position, with an extension of additional time possible.

We are recruiting one full time person (8:00 am – 4:30 pm, Monday – Friday) and one half time position (days and times to be determined). Interested applicants can contact greg.reger@va.gov to learn more.

Essential Job Responsibilities

Under supervision and guidance from Investigators, the Research Psychotherapist will assume the following responsibilities:

- Receive training and supervision in Prolonged Exposure.
- Conduct Prolonged Exposure psychotherapy for Veterans diagnosed with PTSD.

Therapy will be delivered by telehealth and in person. Training to support telehealth will be provided.

- Conduct risk assessments and safety planning.
- Support day-to-day clinical trial administration tasks, including subject recruitment, assessment and screening, study procedures, data collection and entry, maintenance of records.

Compensation: Federal GS-9 or 11 (depending on experience)

San Leandro, CA

Employer: [Alameda Health System](#)

Posting: [Rehabilitation Counselor I and Rehabilitation Counselor II](#)

Introduction:

Under general direction, provides a full range of rehabilitation counseling services in Mental Health or related programs. Formulates client assessments and provides counseling for assigned patients. Gathers and presents case history data. Performs related duties as required.

San Mateo, CA

Employer: [San Mateo County](#)

Posting: Bilingual Forensic Interviewer (Part-Time)

Introduction: The Bilingual Child Forensic Interview Specialist (FIS) is responsible for conducting legally sound, developmentally and culturally appropriate interviews of children and teens who are suspected victims or witnesses to child abuse or neglect or other crimes referred to San Mateo County's Child Advocacy Center (CAC). Attendance at regular peer review is required; attendance at monthly case review is encouraged. Attendance at other meetings or trainings may be requested as part of the scope of work. The FIS is part of a multidisciplinary team (MDT) and works collaboratively with partner agencies. This position is 8-15 hours per week. Hourly rate: \$60-70/hour depending on experience.

Interested candidates should forward a cover letter and resume to Miriam Wolf at mwolf@smcgov.org

Valparaiso, IN

Employer: [Valparaiso University](#)

Posting: [Assistant Professor – Department of Psychology](#)

Introduction: Valparaiso University invites applications for the position of Assistant Professor, in the Department of Psychology to begin in Fall 2023.

This exciting tenure-track opportunity is suitable for a teaching-focused individual with expertise in clinical/counseling areas of psychology. This position is a full-time 9-month appointment. Specific responsibilities include: teaching undergraduate courses, developing an active program of research/scholarship, mentoring undergraduate students, and service to the department and university. While candidates of all areas of specialty are invited, those with clinical/counseling training are especially encouraged to apply. Consistent with specialty, course assignments could include General Psychology, Personality Psychology, Neuropsychology, Abnormal Psychology,

Cross-Cultural Psychology, Community and Health Psychology, or Psychotherapy and Counseling, typically with a 21-credit teaching load.

Walnut Creek, CA

Employer: [Center for Modern Therapy](#)

Position: Psychological Associate

Introduction: We're excited to be hiring a Psychological Associate to be part of our group practice, Center for

Modern Therapy. Our practice offers a supportive, collaborative, and welcoming environment for clinicians. At Center for Modern Therapy we see each individual as unique and tailor treatment to meet each client's needs. We offer individual, couples and adolescent therapy. All sessions are currently conducted virtually but will transition to a hybrid model once safe to return to in-person work. Theoretically we lean towards PSYCHODYNAMIC & RELATIONAL conceptualizations while also using an integrative approach including but not limited to CBT, EFT, DBT, ACT, and IFS.

Our practice is designed to create a learning and growth environment for all, a place where you can build relationships, learn about private and group practice, have a variety of clients, and connect with other clinicians. Please check out our website for additional information.

*Must be Post-Doctoral Level

*Must be able to commit to a minimum of 15 clinical (patient) hours per week.

*Hiring for immediate and future positions

*Paid position for clinical hours
