    a) Language: Proficiency Rating:
    b) Language: Proficiency Rating:

c) Language: Proficiency Rating:
d) Language: Proficiency Rating:

8. Please list the names and contact information for two references:

9. What is your current US citizenship or permanent residency status?

Please note that your answers on this baseline assessment have no bearing on your admittance into the emphasis. The questionnaire is for program evaluation purposes only, and we are just looking for your honest response

1. On a scale of 1 to 10 (1=Very unlikely , 10 = Very likely), what is the current likelihood that you will pursue a career in a public health / community mental health setting?

PLEASE BE HONEST – this answer is for program evaluation purposes only, and will have no bearing on your admittance/application to the DCMH emphasis.

2. Currently, what are your top 2 career goals?

Again, PLEASE BE HONEST – this answer is for program evaluation purposes only, and will have no bearing on your admittance/application to the DCMH emphasis.

3. Please indicate how much you agree with the below statements on the following scale of 1 to 6.

1	2	3	4	5	6
Strongly Disagree	**Moderately Disagree**	**Slightly Disagree**	**Slightly Agree**	**Moderately Agree**	**Strongly Agree**

	1. I have skills that will help me become a leader in the community mental health field
	2. I am knowledgeable about what it takes to become a competent leader in a community mental health organization
	3. I have research and analytical skills that can be used to benefit community mental health organizations
	4. I have the types of skills needed to be a consultant to CMH organizations
	5. I have skills needed to help a CMH organization improve quality of care
	6. I have confidence that I can contribute to improving CMH systems/organizations
	7. I have abilities to provide effective psychosocial treatments in CMH settings
	8. I have confidence in my ability to be an excellent community mental health provider

	9. I have skills that can be used to solve CMH problems or improve CMH programs through research
	10. I have skills needed to be an effective supervisor in CMH settings
	11. I am devoted to improving CMH systems/organizations in my work or future career
	12. I am dedicated to work in a CMH setting
	13. My career goals are oriented to CMH-related work
	14. I am interested in mental health public policy or social justice work
	15. I am interested in advocacy work for people with mental illness
	16. I am devoted to improving or providing care for chronic or severe mental illness
	17. I am devoted to decreasing mental health care disparities for underserved populations like ethnic minorities
	18. I am devoted to improving or providing care for substance use disorders

4. Please indicate how much you agree with the below statements on the following scale of 1 to 6.

1	2	3	4	5	6
Strongly Disagree	**Moderately Disagree**	**Slightly Disagree**	**Slightly Agree**	**Moderately Agree**	**Strongly Agree**

	1. I have skills needed to transport / implement evidence-based practices to CMH settings
	2. I am supportive of the belief that particular attention should be devoted to serving underserved communities in CMH
	3. I am supportive of the belief that it is essential to involve consumers in their own treatments
	4. I am supportive of the belief that psychosocial treatments should be driven by measurable outcomes
	5. I am supportive of the belief that wellness, recovery, systems, and strength based approaches are essential for good psychosocial treatment
	6. I have an ability to incorporate wellness and recovery, strengths, systems, and consumer elements into my clinical case formulation and treatment planning
	7. I have skills needed to apply for grants / funding
	8. I have an understanding of community mental health organizations and systems of care
	9. I have cultural competency skills
	10. I can incorporate consumer-centered perspectives into my clinical and research work
	11. I have skills needed to conceptualize and/or carry out community-based research

	12. I am knowledgeable about needs assessment and program evaluation
	13. I am knowledgeable about how public policy and social justice fits into community mental health work

5. What is your understanding of what community mental health is?

Please answer without looking anything up; we're interested in your initial baseline impressions of what community mental health is. Again please be honest– this answer is for program evaluation purposes only, and will have no bearing on your admittance/application to the DCMH emphasis.
