

# West Valley College

*Palo Alto University offers community college students the opportunity to transfer using the same requirements as the CSU Breadth/IGETC and ADT. The admission process is simple, and there is no essay requirement. Once you enroll, the program is designed so that you can complete your psychology bachelor's degree online or on campus in exactly two years with no tuition increases. For more information visit the [PAU Undergraduate Programs website](#).*

---

## Transfer Admission Agreement with West Valley College

Transfer students must successfully complete 90 quarter (60 semester)\* transferable units with a minimum 2.0 GPA, to be considered for admission to Palo Alto University's (PAU) undergraduate programs. Only courses with a grade of C or better will be accepted. Admission into any of PAU's undergraduate programs also requires the completion of a General Psychology course, or comparable introductory level psychology course.

Admissions into the undergraduate programs requires the completion of either the California State University General Education/Breadth (CSU GE Breadth), the University of California/IGETC or the Associate Degree for Transfer (ADT) with grades of C or better in each course.

\*\*For information regarding IGETC and ADT requirements please contact an admissions counselor using the contact information below.
